Signature® **MVW PROGRAM**

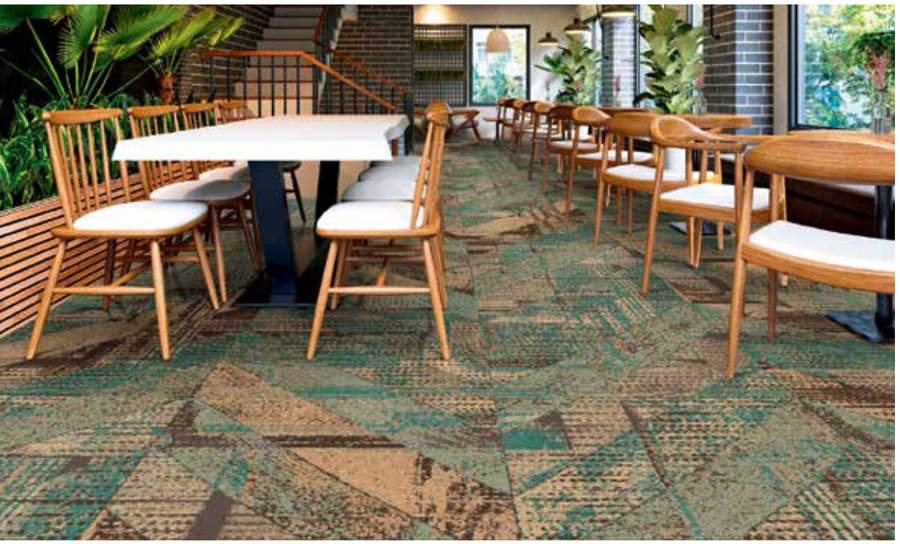

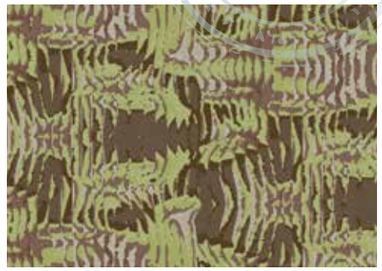

Endless Expressions. Connected by Color.

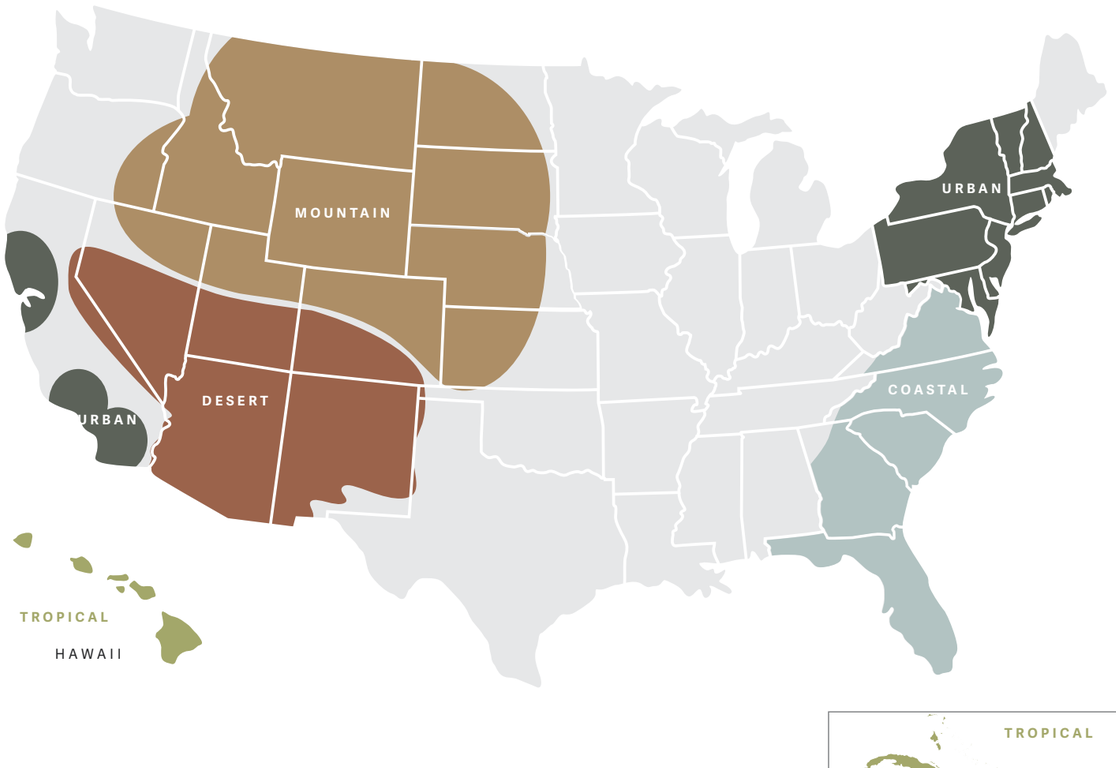

Signature MVW PROGRAM

Begin the journey with a collection of passport-inspired stamps, each created to represent a distinct region within the MVW portfolio. Shaped by the same research into geography, climate, local character, and evolving design influences that informed the program's patterns and color palettes, each stamp gives its region a unique visual identity. Together, they create a connected travel language that celebrates the individuality of each destination while bringing the entire program together as one cohesive journey.

64 Patterns Connected by Color

COLOR CURATED FOR COHESION

Thoughtfully curated color palettes are shared across multiple patterns, creating a coordinated foundation for MVW designers and their selected design partners to use throughout guestrooms, corridors, public spaces, rugs, and accent areas.

The MVW program explores a broad range of patterns and colorways informed by evolving design trends, regional character, and diverse spaces across MVW properties.

With 64 patterns available to explore, designers can mix, match, and select the combinations that best fit each property and space. The expansive color offering adds even greater flexibility giving designers the freedom to create a distinct design direction while maintaining a sense of connection across the property.

Endless Expressions. Connected by Color.

SIGNATURE'S COMMON CREEL ADVANTAGE

Patterns are developed for the MVW program to share a common production setup and selected color palette, allowing larger and smaller quantities to work together across the total project volume. By building multiple patterns from the same production foundation, the program organizes designs around compatible tufting-machine setups, including AB, ABAC, ABC, and ABCD.

The structure creates greater opportunity to incorporate pattern variety across guestrooms, corridors, public spaces, rugs, and accent areas while supporting production efficiencies and potential pricing advantages.

This shared approach gives designers the freedom to create distinct experiences from space to space while maintaining a connected color story throughout the property.

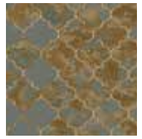

Endless Expressions. Connected by Color.

SIGNATURE'S COMMON CREEL ADVANTAGE

ABC | 4 PATTERNS

MV040 | Colorpoint
repeat: 90x198"
width: 15'

MV041 | Colorpoint
repeat: 90x102"
width: 15'

MV042 | Colorpoint
repeat: 18x34"
width: 12'

MV043 | Colorpoint
repeat: 144x144"
width: 12'

ABCD | 21 PATTERNS

MVW PROGRAM WEB PORTAL

Explore a design-ready collection of patterns and colors, with more than 60 designs and 17 color combinations in Infinity and/or ColorPoint constructions available to browse by pattern, region, or color.

Designed for easy exploration, the program provides a flexible foundation for creating distinctive flooring stories across MVW properties.

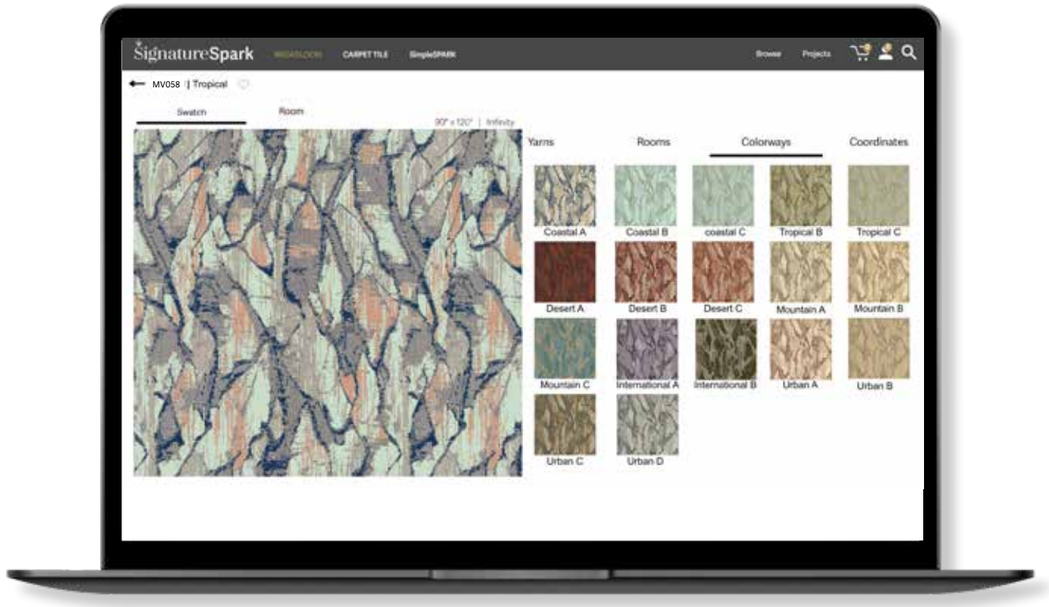

Choose your **PATTERN.** Choose your **COLOR.** Create for your **PROPERTY.**
